

Zeqo

FOR PRINCIPALS AND SCHOOL HEADS

Better results. *More admissions.*

Evidence-based teaching lifts results. Results are what parents repeat, and word of mouth is what fills next year's seats.

Zeqo is what I wish I'd had in school. That is why we are building it.

Did re-teaching work?

HOW IT WORKS · NOTHING CHANGES IN THE CLASSROOM

01

Teacher sets a test

Same as today.

02

Students submit it

No tablets, no logins.

03

Zeqo reads the sheets

Your teacher's approved rubric.

04

The gap becomes visible

By chapter and child.

WHAT YOU GET · FROM ONE TEST

YOUR TEACHERS

Hours back

Marking to teaching.

YOUR STUDENTS

One-to-one time

On the real gap.

YOUR SCHOOL

Results you show

Term over term.

Shared evidence → time to act → better results → *more admissions*

Evidence-based teaching, not guesswork.

FOR YOUR TEACHERS · SAVES THE HOURS

01
MockLab

Question papers drafted in minutes, mapped to your chapters.

02
OCR Grading

Zeqo drafts the rubric, your teacher approves it, then the sheets are scored.

03
Simulations

Science and maths labs run live in the classroom.

The sheets your teachers already grade.

No new exam format. No new paperwork.

FOR YOUR STUDENTS · ANDROID, iOS AND WEB · OPT-IN

Mophy

A tutor grounded in your school's own chapter, not the open internet. Every doubt a child asks becomes a signal the teacher sees.

ON SCREEN TIME

A device opens only when a real gap is found.

FOR YOU · THE SCHOOL ON ONE SCREEN

Which classes are behind

Cohort by cohort, term over term.

Which chapters keep failing

Across sections and across years.

Which teachers need support

Evidence, not impression.

What to tell a parent

Name the chapter. Show the evidence.
